Summary

An enthusiastic and self-motivated IT student with a passion for technology and a strong desire to contribute to the field. Seeking an IT environment to apply technical skills, gain practical experience, and further develop expertise. Experienced in customer service within a fast-paced team environment in the retail industry. Demonstrates dedication and successful experience as a reliable and driven administrative professional in fast-paced office settings. A hardworking team player with expertise in completing various clerical tasks and offering staff support. Possesses a proven track record of responsibility, punctuality, and productivity, even when working with little to no supervision.

Experience

Developer

Junior Front-End

Nov 2022 - Present (9 months)

Develop features for both mobile and desktop platforms using HTML, CSS, and JavaScript.

- Collaborate with stakeholders during the development process to validate creative proposals, ensure design best practices, and confirm requirements.
- Follow SDLC best practices within an Agile environment, allowing for rapid iterations and timely delivery of client projects.
- Utilize custom HTML and JavaScript to enhance existing websites and add interactive functionality.
- Design visually appealing webpages using content creation tools and digital media, ensuring a user-friendly and engaging experience.
- Assist with troubleshooting tasks to identify and resolve issues within websites, ensuring optimal performance.
- Develop user-friendly web forms with validation and error handling to improve data integrity and user experience.
